Background

To: Whom it may concern

My name is Sharlene Shaw My address is 8005 So. Eberhart Chicago Il 60619. How I came up with the idea for the 2-in -1 Tee-N-Bibs is back in February 2003. I was holding my little nephew, who was born on January 6, 2003 who was only 1 month old at the time, I was sitting at my living room window looking out holding the baby, when God gave the idea, the baby was asleep in my arms, he was wearing a standard bib, That tie around the neck, and I wanted to take the bib off of him, without moving him or waking him up, I have call invent-tech, with this idea have spoken to Ms. M Todd on a number of time sense February. I'm just sending some of the things that they sent me, so if they have already tried to have this idea patent they are not being truthful. Some of this is what I actual sent invent-tech on there paper. At the time when I call invent-tech, I did not know that I could have this idea patent on my own, but after a lot of research . And a number of trips to the library with books, and the use of the internet, I was able to find out how I could obtain a patent from the US Patent on my own. I think I call every department within the US patent. I really want to thank everyone, there for helping me so patiently on the phone.

Thank You

Brief Description

My idea is a baby half Tee Shirt and baby one piece Tee Shirt, with two detachable bibs. They will come in all colors and sizes, extra bibs will be available they will make life easier, for on the go moms, at home moms and working moms, and all child care centers. The 2-in-1 Tee-N-bibs will snap on or velcro , onto the under-neck part of the tee-shirts. No I have not seen anything similar to this idea. What make my idea so unique, is that its safer than the standard tie behind the neck bibs, also its much easier to put on and take off, when babies are very fussy. Most babies fall asleep while feeding it would be easier to remove, the bib without waking the baby . Who would buy this product, parents, grandparents all child care facilities, and hospitals. Places where infants and small children are being care for. The price for the 2-in- 1 short tee shirt with (2) two detachable bibs will start around \$7.99 per package, for the one piece 2-in-1 tee-n-bibs will start around \$9.99. And will be available at most retail stores Babies-R-Us, Baby Depot and J C Penny , Sears stores and where baby items are sold.

Brief Description Of The Drawing

Drawing 1# shows what the 2-in-1 Tees-in-bibs, One piece tee shirt that snap between the baby or child's legs with the detachable bibs on it the bibs will either velcro around the neck or snap under the infant's or child's neck.

Drawing 2# shows a child or infant standard tee shirt with the detachable bib on it, that will either snap around the neck, or velcro under the child or infant's neck.

Drawing 3# and 4# shows how the extra bib that will come in the package with drawing 1# and drawing 2# will look like and how they will fit on drawing, 3# is velcro, and drawing 4# is snap.

Detailed Description

The 2-in1 Tee-N-Bibs will have (1) tee shirt in the package and have (2) Detachable bibs .They will say Velcro 2- in 1 Tee -N-Bibs, that will help parents and Child and infant care providers, the Velcro strip will have the soft side of the strip that Will stay on the hem of the neck part, so it will not irritate the infant or child shin under There little necks, and children (small) with extra sensitive skin or parent who prefer snap, And care giver, will be able to snap on an off the 2-in-1 Tee-N- Bibs on part of the bibs That will remain on the neck hem part of the tee shirt only, both the Velcro and the snap 2-in 1 tee –Bib will extra soft fabric for none or less irritation, or if it at all. This unique Idea was created babies that drool a lot and have, digestion problem which cause some Babies to spit-up frequently. Making the baby clothing wet, or have the parent, care giver To change your babies clothes and, or .keep having to work with the standard bibs of Moving the babies head and neck backward and forward making babies more fussier, or .Wakening the baby from his or her sleep. This unique design will allow you to change Your babies bibs when it become wet and messes, more easier and comfortable for babies, And their parents, also the 2-in-1 tee-n-bibs can help parents with small children and infant with disability.
